Trainings

- Zero Suicide Training; sponsored by the Great Plains Behavioral Health Department
- Question, Persuade, Refer, Treat training sponsored by SD Lifeline held in Fort Thompson
- Traditional Games Training – 4 individuals trained from community
- Substance Abuse Prevention Specialist Training (SAPST) – April 2018

Mental Health First Aid/Youth Mental Health First Aid

I would've ended up getting help earlier had I had the support of people who knew they weren't interfering in my personal life, they were trying to save my life.

Patrick Kennedy **trained**

CULTIVATING A CULTURE OF AWARENESS

2018 HUNKPATI OYATE PREVENTION AND EARLY INTERVENTION TRAININGS

Training location, for Mental Health First Aid, may vary depending upon availability. Alternate location will be IHS behavioral health conference room. We need a minimum of 10 participants per session to ensure fidelity of curriculum. If participant level is not reached, we will cancel the course for that particular day. For additional questions on training sessions, please call 605-245-1546.

Needs for Behavioral Health across the Great Plains

- There are high rates of drug use on reservations particularly with methamphetamine and opioids but little documentation
- Lack of adequate DETOX services/facilities in the reservations
- Few or no services are available to support substance using clients
- Insufficient tribal-specific data on substance use on reservations
- Lack of training about addictions and substance use by physicians and other health care providers
- Lack of methamphetamine/opioid treatment programs for tribal clients
- Need for training specific to methamphetamine and other drug use for tribal court and law enforcement staff members

* Based off articulated needs from Tribal Alcohol Treatment Directors
